# Access Point WiFi 6 Long-Range

Enterprise-grade WiFi 6 access point with 4X4 MIMO and OFDMA functionality.

The Access Point WiFi 6 Long-Range (U6 LR) is a high-performance access point that brings powerful, four-stream WiFi 6 coverage to enterprise networks. The U6 LR can reach an aggregate throughput rate up to 3 Gbps with its 5 GHz (4x4 MU-MIMO and OFDMA) and 2.4 GHz (4x4 MIMO) bands. It also has a sideways, down-tilted antenna pattern to expand its coverage area. The water and dust-resistant U6 LR can be mounted either indoors or outside, blending seamlessly into virtually any environment so you'll never have to disrupt your space's aesthetic to enjoy excellent wireless coverage. The U6 LR simplifies the process of bringing WiFi 6 to enterprise networks that support a large number of clients. It can be set up in minutes and fully managed with the UniFi Network web application or mobile app.
